The Centennial Trail is a 63 mile interstate trail system that connects Spokane, Post Falls and Coeur d'Alene. The trail starts at exit 299 off of Interstate 90 in Spokane and ends just past Silver Beach at Higgins Point in Coeur d'Alene. This trail was part of the Washington State and Idaho State Centennial celebrations of 1989 and 1990.

This trail is perfect for biking, jogging, running or just walking. With lots of scenery to take in you can try just part of the trail or bravely do the whole thing. A good short route would be to go out of the Resort to Front Street turn right and then turn right down Mullan Ave. and follow this to Coeur d'Alene Lake Dr. and turn right and follow this down past the golf course. Continue past Silver Beach and don't forget to take in the breath taking views of the lake.

MINERAL RIDGE Trail

For a family day hike, Mineral Ridge is just the place. This trail overlooks Wolf Lodge Bay and Beauty Bay. In 1982 this trail was designated as a National Recreation Trail. To reach Mineral Ridge you need to drive east of Coeur d'Alene on Interstate 90 and take the Highway 97 turnoff (Exit #22). Follow this highway past Wolf Lodge Bay, around the corner to Beauty Bay, where the parking lot for Mineral Ridge is on the left hand side. There is a picnic area here as well as restrooms. This trail is a 3.3 mile loop. There are nature signs along the trail that correspond to a booklet you can get at the trail head. Caribou cabin marks the top of the climb. There is a view from here over the lake.
THE CIRCLE PARK Trail

This trail is approximately one mile and is flat and easy. This is a nice short walk or jog that circles the City Park. It starts at the Resort's front door, proceeding through the City Park, then right along Park Drive to Mullan, right to the stop light, then right on Northwest Boulevard back to the Resort.

Note: Trail may be congested midday during the summer months.

THE TUBBS HILL Trail

This is a hilly, three mile trail that goes along the nature trail around Tubbs Hill and provides spectacular views of the lake and shoreline from numerous vantage points. Begin at the Resort's front door, turn right past the parking garage, right again past Veteran's Park and Public Boat Ramp to the Tubbs Hill trailhead. The trail will circle around Tubbs Hill, exiting at Coeur d'Alene Marine on East Lakeshore Drive. The course then follows South 8th Street to Pine Ave. to South 7th Street to Front Avenue back to the Resort.

THE SHORELINE Trail

This trail is approximately five miles and is very scenic. From the Resort, proceed through the City Park, along West Lakeshore Drive and around the North Idaho College campus on Dyke Road to River Avenue. Pass Idaho Forest Industries DeArmond Mill and proceed to the YMCA. Turn right on Park Drive to Mullan, then along the City Park, turning right on Northwest Boulevard and back to the Resort to complete the first loop. Continue east on Front Street turning right on 17th and following it to its end at Lost Avenue, then right on Lost to 14th, turn left to Ash, left again one block to 15th, and right to the lake on 15th. The trail then follows East Lakeshore Drive along Sanders Beach, past Coeur d'Alene Marine, along Tubbs Hill to 10th, then north to Pine, left to 8th, north to Mullan, west to Front Street and back to the Resort.
